

## WEIGHTED BLANKETS

Discover the wonderful results a Weighted Blanket provides as a sensory aid for calming. Effective for sleeping or just settling. Poly bead weight up to 7 pounds or Fine Grade River Stone up to 15 pounds.

(Learn about weight products on-line) Quality made with 4 layers of sturdy, but soft and breathable fabrics. High count stitching. Weight is quilted into the body area of the blanket and slightly concentrated to the chest area. Over 100 prints and solids to choose from. Soft. Comfy. Very user friendly. Smaller blankets are easier for children to haul around. Larger blankets tend to stay in place better on a bed. Machine washable. Line dry.
